

JITC Certification Service

Asynchrony Solutions' JITC Vendor Certification Service:

- Asynchrony Solutions will continue to maintain a publicly exposed Envoke 1.1.6 server to facilitate development of bridges by Collaboration Tool Vendors seeking JITC certification.
- Offer Collaboration Tool Vendors the opportunity to purchase the JITC Certification Support Package from Asynchrony Solutions, Inc.
- In exchange for said package, the Collaboration Tool Vendor will receive the following:
 - Access to the Demo-01 Asynchrony Envoke 1.1.6 server ("Demo-01")
 - Accounts for up to 25 standard users and Public API Tool accounts on Demo-01 as needed
 - Access to Asynchrony Solutions technical support personnel, including software engineers experienced in the development and support of bridging collaboration tools to Envoke via its Public APIs for a period not to exceed 45 days
 - Includes telephone, fax, email
 - Normal business hours of 9:00 a.m. to 5:00 p.m. CST, M-F, excluding holidays
 - A proprietary java example of programmed public API calls
 - Any additional support documentation required to satisfy the needs of 3rd party tool integration with Envoke
 - Proprietary information about Envoke APIs and support for other integration that may not be included in Envoke's public APIs (e.g. two way awareness, IRC chat, XMPP chat, etc.), if requested

Cost:

- The cost of this service is \$5,000.00.
